

## A DONOR STORY

# ANNUAL BOYD AUTOBODY & GLASS FATHER'S DAY CHARITY CAR SHOW NETS OVER \$25,000 FOR THE CHILD ADVOCACY CENTRE OF KELOWNA.

## THE FATHER'S DAY CAR SHOW

The annual event hosted by Boyd Autobody, raised over \$25,000 this past June to support the development of the Child Advocacy Centre (CAC) of Kelowna.

The "CAC" will be a child friendly Centre of Excellence that will provide a collaborative response to child abuse in our community. The Centre will improve access, efficiency and effectiveness of care. The Centre will create a safe space for children and their families and help to prevent future child abuse through support and community education.

## COMMUNITY DONATION

The cheque for \$25,212.63 was presented to the Kelowna Foundation today, Sept 26 and officially marked the projects first collaborative community donation. This donation is part of a three-year commitment that Boyd Autobody has made to support the Child Advocacy Centre project.

The CAC is the primary project of the Kelowna Foundation for Hope & Social Innovation (KF) who is spear-heading

the \$6 million campaign to bring the project to life in Kelowna. "We are so grateful to have been chosen to work with Boyd's over these next three years as their cause of choice. The car show has such an amazing following and so much support from our community. The opportunity to be associated with that story is so incredibly valuable," says "KF" Executive Director, Ginny Becker.

“This is the first time Boyd’s has made a multi- year commitment to a cause,” shared Methal Abougoush, Regional General Manager for Boyd Autobody & Glass Okanagan. “We are so committed to seeing the CAC project come to life, we will do everything in our power to ensure they reach their goal,” continued Methal. “I have kids of my own, as a human being I can’t imagine a better place to give back than in protecting and helping the children of this community.”

**THANK YOU BOYD’S!**

## **THE CAR SHOW – A BRIEF HISTORY**

Twenty years ago a dream was created... To hold a car show for all those lovers of the hot rods, bikes and road rumbling machines that a boy growing into a man would truly appreciate. This day would be held on no better a day than Father’s Day!

In the early years of the car show you could look up and down Dayton Street, and it was loaded from Springfield to Dickson Ave with vehicles of all makes and models. There was live music, a hot dog stand and silent auctions. From Dayton Street, to Bernard Ave, and a quick visit to McCurdy Place, you will now find the annual Charity Car Show in Kelowna’s City Park. Hosting over 600 cars, with live bands, over 13 Food Vendors, and Celebrity Guests – this event has become a staple to those who live in the Okanagan and surrounding area. Boyd is proud to say that through the car show they have been able to raise solid donations to: JDRF, Arthritis Society, Angel Awards, Burn Fund, YMCA, Child Advocacy Centre, and Cops for Kids, etc.
